LEVEL RATINGS

Ratings are accrued to determine what level or tier you have qualified for. Ratings are not a tangible commodity and are an indicator that clearly shows members where they are at any time during the qualifying period.

RATINGS PER SPEND

1.5 Rating = \$1 spent in the venue
1 Rating = \$10 turnover in gaming

There are 3 levels of tiered rewards. Each tier has a different level of rewards benefits. These tiers are reviewed every month based on the previous 3 month's accruals. Members are moved up or down depending on their rating amounts.
